DR. W. B. TRACY

Loses Foot In Accident In West Virginia, According to Message Received by Him.

A message, received Wednesday morning from Pocahontas, W. Va., by W. T. Tracy, states that Dr. W. B. Tracy, his son, formerly a well-known practicing physician of this city, had one of his feet cut off in an accident in Pocahontas, Tuesday night.

The message gave no details. Mr. Tracy left Wednesday noon for Pocahontas to ascertain the exact nature of his son's injuries.

Dr. Tracy practiced in this city for some time after leaving college, and about two years ago went to Charleston and engaged in his profession there.

EVIL GOSSIP FORCES YOUNG GIRL TO LEAVE SHEPARDSON COLLEGE

Granville, O., May 27.—A striking evidence of the unmitigated evils of malicious gossip can be seen in a very unhappy affair that has just transpired in Granville. Shortly after the holidays a Mr. Barclay, well-to-do resident of Chicago, wrote to Dr. E. W. Hunt, president of Denison university, asking if arrangements could be made for the admittance of his niece, Miss Mildred Kellner, to Shepardson college. Dr. Hunt, after making the necessary inquiries regarding the young woman, and learning that her character was above reproach, replied that the necessary arrangements for her admittance to the institution could be made, and she arrived about the first of February.

From the first she created a very favorable impression with the members of the faculty and with the students, by her lady-like manners and deportment. She is a beautiful young woman, and had that peculiar charm about her that attracted. For some years she was a clerk in the big Marshall Field department store in Chicago, and about a year ago she contracted an unfortunate marriage with a traveling man named O'Dell. They did not live happily together and their troubles finally resulted in the young woman securing a decree of divorce from her husband. After securing the divorce and feeling the defects of her early education, she determined, if possible, to perfect that education, and shortly after the holidays President E. W. Hunt received a letter from her uncle, a Mr. Barclay, of Chicago, asking if she could be admitted to Shepardson College. As several of the young women of the college had left for their homes and there was room for her arrangements were made for her admittance to the institution. She has been taking an irregular course and was being tutored by one of the young ladies of the college, and was making rapid progress in her studies.

Now is where the evil longer circulated a report that Miss Kellner was being educated by a Chicago millionaire who expected to marry her

after she had obtained her education. These reports coming to the ears of an Advocate reporter he called on Miss Kellner Barker, Dean of Shepardson college, on Tuesday night for a verification of the story. Miss Barker seemed considerably surprised and said that it was the first she had heard of the story. She said she would interview the young woman and if anything was to be given out would furnish it later.

The reporter then climbed the college hill at 10 o'clock Tuesday night and called at the residence of Dr. Hunt. Fortunately, the Doctor was at home, having just returned from Wausau, Mich., where he had delivered a lecture the night before. The Doctor talked freely and told the reporter the story substantially as related above. While Dr. Hunt and the reporter were engaged in conversation, the telephone bell rang, and Dr. Hunt was notified that Miss Barker and Miss Kellner were on their way up the hill to see him. In a few moments they arrived and Dr. Hunt had an interview with the young lady. She told the story of her life, of the struggles and hardships she had had, and of her endeavors to obtain an education. She admitted that she had been married to the man O'Dell and had later secured a divorce from him, but most emphatically denied the story that she was being educated by a Chicago millionaire, or that she was going to marry him. She said that she had received a letter from her parents informing her that the story had been printed in the Chicago papers, and that she felt deeply grieved over it. She said the story placed her in a false light and that she could not stand it to face the other girls, who would naturally make remarks about her, and that she had decided to pack up and leave immediately for her home in Chicago. Before she left for her home Wednesday morning Miss Kellner told Miss Barker that she deeply regretted the fact that she had not been frank with her at the start and confided everything to her. And thus has another poor girl's hopes been blasted by the evil mouth of the scandal monger.

WILL YOUR ESTATE BE A BUNCH OF RENT RECEIPTS?

Is it not business to invest your earnings and keep them invested? Experience has proven that fortunes invested in real estate have remained intact through more generations than when invested in any other form of property.

For the head of the family the title to his home means the saving of rents and the possession of an asset constantly increasing in value. Values in real estate have been created by the growth of population. These are factors which tend to increase the demand for, and decrease the supply of real estate.

We are now building modern houses and will offer lots for sale with or without houses, in my new addition, corner of Church and Eighth streets. Streets will be improved by paving, cement walks, gas and water to property lines, no special taxes, all improvements are paid. When all improvements are made these houses and lots will soon sell and you will have lost another opportunity to better your condition.

Can you afford to let this opportunity pass?

In point of completeness, cleanliness and beauty, the Ivorydale factories of The Procter & Gamble Co. have few equals and no superiors.

It is there that Ivory Soap is made.

There, also, P. & G. Naphtha Soap is manufactured.

It is not necessary to tell you anything about Ivory Soap.

You use it; and you know that for bath, toilet and fine laundry purposes, it is unequalled.

The same thing is true of P. & G. Naphtha Soap. For quick, easy washing, it is unequalled.

The price of "P. & G." is higher than that of ordinary laundry soap; but as one cake will last longer and do more work than two cakes of ordinary soap, it pays to use it.

MURDER MAY RESULT FROM FISTIC ENCOUNTER

George Meek Lies Unconscious at the Hospital and His Condition is Regarded as Extremely Critical

Fred Siegle Will Not Be Arraigned Until a Decided Change Takes Place in Condition of Meek
---Siegle is in the City Prison

The fight between George Meek, 45, salesman for a stove polish house, and Fred Siegle, Monday night, at the home of Mamie Bush, 87 East Railroad street, may result in murder, for the condition of Meek is regarded as very critical by the authorities of the city hospital, and what was first thought to have been simply a fight of small proportion, may result in another murderer being quartered in the jail.

After the first examination of Meek the case was not thought to be one to cause any worry, but as the man continued in the comatose condition with an occasional vomiting spell during which time blood was ejected, his condition took a darker look and the hospital authorities are carefully watching every symptom that is manifested.

In the meantime Siegle is behind the doors of a strong cell at the city prison, awaiting the battle of the medical authorities that may send him to the chair if their skill fails to cope with the terrible injuries of the wounded man.

Meek was attacked by Siegle, while "Fritz" or "Dutch," as he is called, was in a drunken rage. Siegle has a powerful blow as has been demonstrated on several occasions, and when he finished with Meek the latter was in terrible shape. Three ribs were crushed in and his skull is probably fractured from the blows of the frantic Siegle.

Mamie Bush did not escape him, and a bad cut over the left eye and a badly bruised face shows the fury of which Siegle's attack was marked. According to her story, "Fritz" had taken a suit of clothing to her which she agreed to press for him, but when he called for them, Monday night, they were not finished. Siegle had been drinking, and Miss Bush accused him of it. He did not deny the charge but again demanded his clothes.

Knowing his terrible anger when aroused, the frightened woman ran to the home of her sister, Mrs. Anderson, to escape him. Siegle followed her and she escaping from him ran back to her home. The man followed close behind, and when he rushed into the room he struck at her, smashing her in the face and knocking her on to a sofa. With the blood spurting from the gash over her eye she screamed for help, and George Meek, a salesman for shoe polish, who was near the house, ran to her assistance.

As soon as Siegle saw Meek rushing to the assistance of the woman, he turned like a maddened animal upon him, while Meek, regardless of the woman's cry to "Run, for your life, for God's sake," stood his ground to await the onslaught. The men met at the alley gate and Meek was soon beaten into insensibility and lay on the ground at the feet of Siegle.

A call sent to the police brought Officers Chester, Donnelly and Linke on the run and Siegle was arrested after a battle with the officers. A hurry call was sent the patrol house and the wagon was rushed to the Bush home. Seeing that Meek was unconscious the officers placed him on the stretcher and hurried him to the city hospital and Dr. Knaus was called, as stated in Tuesday's Advocate.

Siegle was taken to the city prison and slated as drunk, disorderly, committing an assault and resisting the officers. He will not be given his hearing until some decided change is noted in Meek's condition. In the meantime he is securely locked behind the heavy steel doors.

In talking to the head nurse at the city hospital this morning she told The Advocate that Meek was very badly injured, to what extent has not been fully determined. He is probably suffering from a fracture of the skull, and undoubtedly he is internally injured from the blows showered upon him.

At times he lapses into consciousness, but for only a few moments, and then has no idea of the seriousness of his injuries. He is under the impression that he was simply taken sick and does not think he is injured in any way. He is unable to talk and up to the present time he has been unable to give any information about the fight.

Very little hope is held out for his recovery, and should his injuries prove to be fatal, an affidavit will be

immediately filed against Siegle, charging him with first degree murder. Mrs. Meek, wife of the injured man, who lives on Manning street, has been a frequent caller at the hospital, and is almost prostrated by the assault on her husband.

The Molders uncovered a shutout pitcher yesterday when James, otherwise known as "Red," Smith, entered the box for them. Another fact was also discovered: Smith has pitched baseball before. Heady and cool he kept the batting of the batsmen in mind and when they made their second or third appearance before him he gave them just what they didn't want. As a result the game slid to the Newark side of the scoreboard, 2 to 0.

Smith was a tryout of the New York Americans this spring, and while he didn't prosper in the American league, yet he looks good for the Ohio State and if he continues to play ball the way he did yesterday he will take the long end of the games he pitches. Six hits were scored off him and these he kept well scattered and they did no damage. With the exception of two wobbles of Pop Smith in the first inning he was given stone wall support, and the errors of Smith were not costly.

The game was a pitcher's battle and for seven innings but two hits were scored off of Quailey. Smith allowed but four hits in eight innings and these were scattered through four innings, one to the frame. Several times runs looked close but fast fielding and heady work on the part of the pitchers kept the runners from reaching the home mat. A good sized crowd saw the game and it was an anxious nine innings the fans sat through.

If there had been any bookmakers at the game taking bets for the differ-

ent frames, odds of about 10 to 1 would have been placed on the Chalmers in the first inning, for a run batted sure. Plink, who led off for Lima, fanned the breeze in his effort to con-

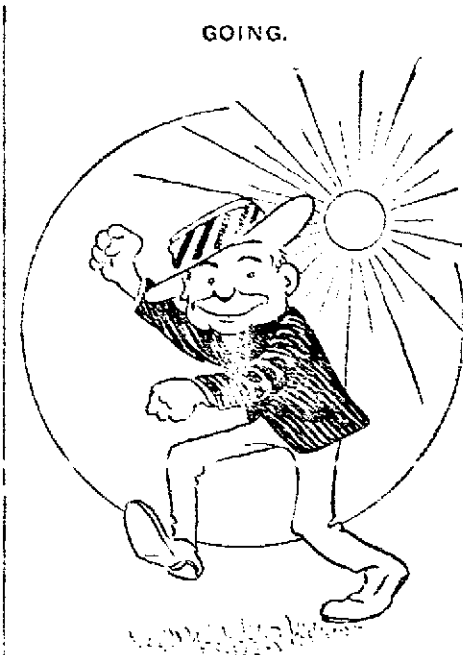

nect with the pellets Smith was shooting his way. Newham hit one to Pop that he nailed but in throwing to first he pulled Gygli from the bag and Newham was safe.

Archibald Reiley also hit another one to Pop that he picked from the dust in a hard chance but in letting go of the ball he lifted it over Gigs' head into the bleachers. Foutz dumped one just back of short and was safe at the first corner. Then he tried to steal and Williams batted the ball to Wratten. The play worked fine for Newham tried to score from third and was caught at the plate by Williams' quick return of the ball. Kah' grounded out.

In the second a quick double took the life out of the Chalmers. Sykes was passed and Lindsay rumbled into a twister that landed safely in Wratten's hands. Sykes had taken a chance for second and the throw of Wratten to Gygli completed the double. Reiley then double cracked but his swat was useless for Quailey felt a victim of Smith.

The odds were all in favor of the Molders in the fifth and their chances for scoring looked mighty rosy. Pop Smith was walked on the sacrifice of Wratten he reached second and on Quailey's wild heave he touched the corner guarded by Lindsay. It wasn't the Molder's time for scoring for

"Oh—I Know It—I Feel It in My Bone That We'll Beat 'Em a Block."

Williams fanned and "Red" Smith dumped an easy one to Sykes.

The eighth was a mighty busy time for Wratten, for just four times Smith did throw the ball, just three times the bat cracked and just three times Gygli had three assists to Gygli regarding the three batsmen.

In the Molder side of the eighth Smith started the ball to rolling that helped him win the game when he seemed a two bagger through Plink, the left hander. Abbott grounded out but Snyder was on his toes and tagged another on through Plink for two bases that sent Smith loping home at an easy canter. Locke was also equal to the emergency and he secured a pretty single that sent Snyder home. Gygli singled and Locke reached third. Murray fled out to Foutz in short right field and Locke in attempting to come home was thrown out at the plate by the right hander.

SHORT HITS.

Joe Stroup, formerly a Molder, and late of the Newark N. J. club, has returned to Newark and an effort will be made to land him for the local club.

"Big Frank" Moore, who broke his hand in a game at Springfield, recently, was in again in uniform, although he has made no attempt to play ball other than "throwing a few." He is anxious to get back in the game again and may be able to work by next week.

Wratten had a very busy day at short yesterday. He had a hit, a sacrifice, was hit once, had six assists, two putouts, worked in a double and did not have an error.

Smith pitched nice ball, and showed that he is the owner of a good arm and a good head. He made good with the fans and his team-mates from the start.

Shortstop Keuhn was hit in the eye by a batted ball during practice and was unable to play in the game.

Snyder laid down a bunt yesterday that landed him at third. Reilly threw off his mask and went after it. He got it all right, but threw over Sykes' head, and the ball was lost in the grass, and "Lefty" landed on third.

A. Reilly was fined \$5 by Umpire Hart for disputing a decision when Reilly was at bat.

Pretty nice game that. Here is hoping it is the start on a rally towards winning games.

Columbus would like to have "Red" White of Lancaster. They phoned the Lancaster management, and were turned down by President Davidson.

"Tacks" Latimer, who was released by Springfield, has signed with Pueblo, in the Western association. Baseball at Springfield.

Ed Ascher, formerly a Molder, now with the Toledo squad, came over from Columbus this morning to see his friends for a short time. He returned to Columbus at noon.

BASE BALL SURE

Springfield, O., May 27.—Springfield will not lose its baseball team. Rev. Father Buckley, pastor of St. Raphael's Catholic church, took the reins in his hands and came to the rescue by raising \$2,500 on season tickets which he sold to merchants and manufacturers of the city. Manager Ransick of the Springfield team, threatened to pull his team out of here and go to Portsmouth, Sandusky or Hamilton because of lack of support. Since the season opened Ransick had dropped \$2,000. When Father Buckley learned that this city was about to lose its team in the Ohio State league, he proposed to raise the necessary funds to guarantee its remaining here.

DESERT OUTLAWS

Baltimore, May 27.—Eleven of the 13 players composing the Baltimore Union league baseball club have left the city and, it is said, will not return, since the failure of the team to appear in Elizabeth, N. J., for the game scheduled today. The action of the players today is said to be due to a disagreement with the management over money matters.

RAID EXPECTED

Richmond, Ind., May 27.—Ohio State league teams are beginning to tamper with Ohio-Indiana players. President Gamble has been unable to induce Secretary Farrell, of the Association of Minor Leagues, to grant Indiana-Ohio protection. If prompt action is not taken that will result in securing this protection, it is feared there will be a wholesale raid made on this league.

SPECIAL TRAIN

The Baltimore & Ohio railroad is making arrangements for a special train from Newark to Mansfield on Decoration. The Mansfield club is scheduled to play two games with Newark on Decoration day, the morning game being played at Newark, and the afternoon game in Mansfield. It became necessary to arrange for a special train as there is no train service between the two cities which would allow them to reach Mansfield in time for a game. The special train

will leave Newark at 12:15 o'clock. It is expected that a number of fans from Mansfield will attend the game since they can return and witness the afternoon game also.

TAYLOR

Wins Shoot at Toronto, Canada—Entered at Bradford This Week.

John Taylor, the local marksman, who has won many honors in different shoots, competed at a shoot held at Toronto, Can., last week, and won out. The shoot was for three days and for the entire time Mr. Taylor's average was high. He won out by ten birds over all the entries.

This week he will go to Bradford, Pa. to compete in the Pennsylvania state shoot that will be held there for four days. He will probably enter in the state shoot that will be held next week, and his record will undoubtedly be good for he is shooting with great accuracy this year.

GUN CLUB PRACTICE

The Licking County Gun club will hold a preliminary shoot at the camp grounds, at 2 o'clock, Friday afternoon, and will brighten up their score for the big state shoot that will soon be held. Several local marksmen of high calibre, will compete in the affair and will doubtless make good records.

FIELD DAY

Modern Woodmen Will Have a Gala Time at Olentangy Park on Saturday, June 6.

The committee in charge of arrangements for the Modern Woodmen field day exercises to be held at Olentangy park, Columbus, Saturday, June 6, say assurance has been received from camps at Dayton, Zanesville, and this city and a number of smaller places that they will take part in the exercises and in the joint class adoption at the Casino on that day. From present indications there will be an attendance of about 10,000. Woodmen and their families at the park. A fine camp banner has been provided as the first prize in the competitive drill, and a money prize will be given to the team scoring second highest.

DRINKING MEN NOT WANTED.

The above sign is now seen in many shops and offices in this city, because drinking men are unreliable.

Competition is too keen and life is too strenuous for an employer to keep men on his payroll whose nerves are unsteady and whose brains are not clear.

Every line of business is beginning to close its doors to drinking men.

Drunkness is a disease and like most diseases—has its remedy. Orrine is the reliable treatment and is sold under a positive guarantee to effect a cure or your money will be refunded. Orrine is in two forms; No. 1 which can be used without the patient's knowledge in tea, coffee or food; and No. 2 for those who wish to be cured.

The guarantee applies to both forms. Mailed in plain, sealed package on receipt of \$1.00. Write for free booklets, mailed in plain envelope.

SEPARATED

BY COURT'S ORDER AFTER SIXTEEN YEARS OF WEDDED LIFE.

Cases on Trial in Court of Common Pleas—Divorce Petition Filed—Court House News.

The divorce case of Alta Cooper vs. Frank Cooper was tried in the probate court Wednesday. The parties are middle aged people, living near Johnstown. They have been married about 16 years and have a daughter 14 years old. The plaintiff charged her husband with drunkenness, extreme cruelty, failure to provide and willful absence for more than three years. The evidence showed that the defendant had been absent for six years without any fault of the wife, and the court decreed her a divorce and the custody of the children. Attorney Frederic Jones obtained leave to file a cross petition for the defendant, but it was afterward withdrawn.

State vs. Thos. Warthen, indicted for keeping a gambling room. Reading of indictment waived and plea of not guilty entered. Smythe & Smythe, State vs. Stephen D. Vorley, indicted for rape. The prosecuting witness has died since the finding of the indictment. The prosecuting attorney asked that the matter go to custody until the meeting of the grand jury next week. The request was granted. Smythe & Smythe.

State vs. John Lambi, indicted for raising a check. Bond in the sum of \$500 for his appearance had been given. The case was called for trial, defendant failed to appear, and bond was forfeited. Fulton & Fulton.

State vs. Rhoda Mori, indicted for larceny, on trial to the court and jury. Smythe.

In the case of Phoebe Hottinger vs. E. T. Rugg & Co., the defendant has filed a motion asking the court to require the plaintiff to make her petition more definite and certain. Kibler & Montgomery, attorneys for the defendant.

Partition Suit.

In the case of Harry J. Wilson vs. Henry E. Wilson, et al., an order of partition was granted by the probate court this morning. This is a suit involving several parcels of city real estate. Robbins Hunter, attorney for plaintiff.

Appraisement Order Granted.

In the case of Ollie B. Hartsough, administrator, vs. J. D. Hartsough, an order of appraisement was granted by the common pleas court. This is a suit to dissolve a partnership and have a receiver appointed. Robbins Hunter, attorney for plaintiff.

Suit for Divorce.

Ocie Nutter has commenced suit for divorce in the common pleas court against Harry A. Nutter. They were married September 3, 1907, and on March 17, 1908, a separation took place between them, on which day defendant assaulted her and drove her from home. She says her husband is an employee of the South Zanesville Gearwood company at Zanesville, O., and earns \$2.25 per day. She asks for temporary alimony and that pending the trial of the case defendant be enjoined from disposing of any of his personal property and prays for all proper relief.

Real Estate Transfers.

Sarah J. Shipley to Nellie E. Vada-Kin, lot 2 in S. H. Arndt's addition to Pataskala.

EASIEST

WAY OUT OF TROUBLE IS TO COMMIT SUICIDE, THOUGHT GEORGIE NIXON.

So She Jumped Into Canal—Then She Rescued Herself By Climbing Out Again.

Tired of life—that is, tired for a few moments, led Georgie Nixon to believe that the easiest way out of the difficulty was to commit suicide, so she tried it. But Georgie is like all other women—she can change her mind rapidly and often and she did it last night.

Georgie pulled off a stunt Monday night that drew her \$10 and costs at the hands of Mayor Atherton and caused a good deal of amusement to those who saw her cab ride and her numerous visits to thurst parlors.

All day Tuesday she grieved over the trouble and last night she fully made up her mind to do it all. After thinking the proposition over seriously, she decided that her method of cutting life's span would be a new and somewhat novel one, so for that reason she chose the raging waters of the canal.

In all her fury she plunged from the Second street bridge, but when she felt the muddy water closing over her, she exercised her prerogative and "pulled for the shore." Just as she landed and was standing on the bank, looking into the muddy waters from which she had bravely rescued herself, Officer Burke came along and called the patrol.

She was brought out before Mayor Atherton and this time the mayor carried out his threat of imprisonment and gave her ten days.

METAL MARKERS

Have Been Placed on Graves of Soldiers Resting in Cedar Hill Cemetery.

Superintendent A. J. Crilly and Col. Cliff Rosebough have placed the new metal grave markers on all soldiers' graves in Cedar Hill cemetery, as far as could be done by the records. On a few of the lots where there are a number of interments, one or more being soldiers, and no grave marker of any description on a grave, it is a difficult matter to determine which was the soldier's and a mistake may have been made. It is requested that all friends and relatives of soldiers interested see if a marker has been placed on the proper grave, and in case any grave has been missed, or wrongly marked, report the same to the superintendent of the cemetery.

The markers will remain on the graves and every soldier's last resting place can be found at any time by looking for the star.

About five hundred soldiers rest in beautiful Cedar Hill.

Wayne "30"

Live Agents Wanted

Owing to the increased demand for Wayne "30" Automobiles, we have decided to build 300 additional cars of this popular type. These are now coming through—we can positively make deliveries of the first fifty in ten days.

Now, we can sell every one of these cars in four or five large cities—as we have been doing. But we have other ideas, other aims.

We are planning to build 6,000 cars next year—have the facilities to do it—and the work is already under way. That means we'll need a large selling force—an agent in every town over 5,000.

We want these 300 Wayne "30" cars to be the missionaries which will create a demand for the 6,000 we will build next year. See our point?

We want to distribute this season's output—these 300—over as much territory as possible instead of concentrating them in a few metropolitan centers.

Satisfied users are the best advertisements—every Wayne will do its part in carrying the news of Wayne quality wherever it goes. Even to those who knew the earlier Wayne models this 1908 product will be a revelation and a delight.

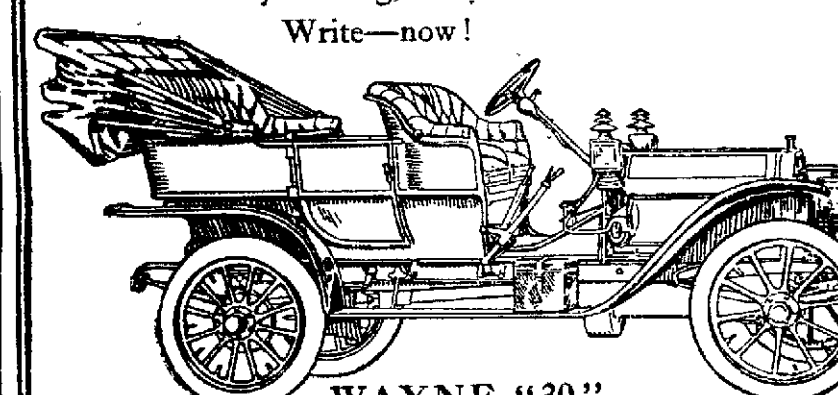

We want a *personal representative*—a man of good standing—to represent us in your town. Large capital is not necessary—neither is a garage nor repair shop.

Very little capital, but a large amount of energy and selling ability, are the requisites—to the man who possesses these, here is an opportunity of a lifetime to get in business for himself—one that has a wonderful future.

Write today; send references; tell us about yourself; if satisfactory, we will get together quickly. We won't hold you up on deliveries and we'll stand back of the product—remember, we count on these 300 to sell 6,000; there's the buyer's guarantee—and yours.

Now is the selling season—today. Business has been great since the sun came out—if you don't share in the hay-making, it's your own fault.

Write—now!

AMUSEMENTS

ORPHIUM THEATRE.

Most interest attached to the Great Richards, who had been rather mysteriously advertised. "The Great Richards," proved to be a female impersonator, and a very clever one at that. So clever, indeed, that his claim to being the only rival of La Domino Rouge seems warranted. As she stepped onto the stage, behind a rich black cloth curtain, into the glare of a spotlight operated by an attendant in the balcony, she first in a glittering diamond necklace, a very pretty cloak and a fine hat, and finally in a tight, fitted, creation of white, the slight, slender human danced, kicked and turned in a manner which precipitated the suggestion that the Great Richards was a man. When the flowing black hair was pulled out and dangled in the performer's hand, above her head, the former sex, the surprise was entirely natural. Following the exposure the Great Richards puts on his fire and color dancing and cavorting to the audience once more with the novelty of his act.

ANOTHER

Fight On Railroad Street Last Night
—Charles Wilson Gets In Trouble at a Resort.

Another bad fight took place along Railroad street last night, and Charles Wilson is wearing a badly lacerated face, the result of an encounter with Jack McKinney and the brother The McKinnies have so far eluded the police, who are looking for them.

Wilson's trouble was just starting, for with Ernest Cooper they went to the resort of George Nixon, and as they had both been drinking, according to the story told by the police, they were rather gaily.

A call to the patrol station this morning at 7:45 o'clock sent the wagon to the house, where Wilson and Cooper were arrested. Wilson is charged with attempting to force a dresser drawer in George Nixon's room, where they were drinking. Wilson was slated drunk and disorderly and trying to force a dresser drawer. Cooper was slated drunk, fighting and visiting a house of prostitution.

DO YOU WANT TO KNOW WHAT IT WILL DO?
A Ford car holds the world's 24-hour record, 115 miles—the world's one-hour record, 27 miles—the world's record for twenty consecutive miles, 20 miles, 20 miles—Ford in open competition ran 21 miles in 21.2 gallons of gasoline—car after car of Ford make less than 20 miles and more on a single set of tires.
DO YOU WANT TO KNOW WHAT OTHER PEOPLE THINK OF IT?
John Ford says it is the only one he has ever seen—Ford enthusiasm exists in every city, town and hamlet in which there is a Ford car—and that's pretty near everywhere.
DO YOU WANT TO KNOW ABOUT OPERATION AND COST?
Add the fuel cost of a Ford for a year, the oil cost, the cost to keep, all repairs, then add the depreciation and the Ford will be less than the cost to keep a horse that could accomplish the same work.
Ford owners who have owned a Ford for a year tell us the car that after covering from 2,000 to 3,000 miles in a year has a total of running expense has averaged \$15 to \$20 per month.
These things you ought to know before you part with your good money. Ask the Ford owners—many of them have owned a Ford for a year.
Remember the Ford is the car that lasts longest and costs least while it lasts.

GRANVILLE

Granville, May 27.—For some time a "Tom, the Peeper," has been greatly annoying the people in the east end of the village, and the women have been afraid to retire at night on account of his actions. It is reported that he would invade the premises of prominent citizens and even take a position on their porches. So obstinate have his actions become that a number of citizens determined to take the matter into their own hands and punish the man. Tuesday night a number of men lay in hiding watching for the man. They had a rope and intended to catch the fellow, tie him, and give him a ducking in the waters of the Raceoon. He failed to put in an appearance and escaped for the time being.

Miss Victoria Crowlthins of the Berry Industrial school of Georgia, addressed the young ladies of Shepardson college Tuesday.

All the arrangements are complete for the carnival to be given by the young ladies of Shepardson college Saturday afternoon on the campus and in the gymnasium of Shepardson college.

A tennis contest between the teams of Denison and Michigan University will be played on Prof. Colwell's court Friday afternoon.

Miss Mary Lutz, a charming young woman of Hamilton, O., is visiting friends in the village for a few days.

Now is the Time

To have your dental work done. We have decided to extend the time during which we will make

**\$5.00 CROWNS FOR \$3
AND \$10 PLATES FOR \$7.50**

to May 30. We will positively not again extend the time for this liberal offer. The plates and crowns are the best that can be made, and this is a great opportunity to get first class dental work done at a very low figure. For a limited time we will use our famous oxygen system to render all work painless, free of charge. This system positively renders all dental operations entirely painless. Read what our patients say of it: "Dr. Cochrane removed the nerve and filled a large back tooth for me entirely without pain by his oxygen system," says Miss Goldie Cook, 407 Florence street, Newark, Ohio.

People sometimes dread to enter a bank; this is simply because they are not familiar with the customs of business. But this feeling of embarrassment quickly wears away with those who deal at this bank; at least we try to have it so; we want every customer to feel easy and at home.
